- Urdu

PROFILE

- A passionate and driven developer in web development technologies such as HTML, CSS, JavaScript, and frameworks like React and Django. With a keen eye for detail and a problem-solving mindset, I am eager to contribute to dynamic IT projects and develop scalable, user-friendly web applications.

WORK EXPERIENCE

InternPe

Internship

2024

During my internship I gained hands-on experience in Python programming.

I successfully completed various projects that enhanced both my coding skills and problem-solving abilities.

PROJECT

DreamPrep Web App

2024

Developed an Exam Preparation Platform A web application aimed at enhancing exam preparation and time management for students.

Built the platform using HTML, CSS, and JavaScript for the front end, Python (Flask) for the backend, and MySQL for the database.

Integrated modules for personalized study schedules, goal tracking, and exam performance analytics.

Amazon Clone

2024

Developed using CSS and HTML

Created an Amazon-like e-commerce platform

Electronic Shop Management System

2022

Developed using Python and MySQL

Implemented admin and customer login functionality, ensuring secure access control.

Developed CRUD operations (Create, Read, Update, Delete) using Python's MySQL connector.
